O R D E R:

Many representations have been received for the grant of extension of time for completion of repair works to old wells subsidized under the Accelerated or the Ceded Districts Modified Scheme on the ground that the scarcity of labour and of materials supplies to some extent to repairs to old wells also. The Government in modification of the orders in the G.O. read above direct that extension of time till 30th April -1948 be granted for the completion of these repair works. No further extension of time will be granted.

2. They consider that the concession in paragraph 1 above should be restricted only to cases where the parties have made some real progress in carrying out the repairs. Discretion is, however, given to the Collectors to decide whether progress made in any particular case justifies the grant of concession or not. Cases where no appreciable progress has been made till now will not be eligible for the concession.
